An automobile party consisting of Dr. W. T. Embree, Donia Embree, Miss Minnie Washington and Mr. Ray B. Allen came over from Pittsburg Saturday to spend Sunday with Mr. and Mrs. C. E. Embree.

Arthur Hatfield went back to Kansas City Sunday to resume his studies at the pharmacy college. He spent last week here attending commencement, his sister, Miss Bertie, being one of the graduates.

Mrs. J. B. Appleby, better remembered by Jasper people as Miss Bertie Cather, who has been visiting home folks here for several days past, will return to her home at Springfield tomorrow. Mr. Appleby has quit the mail service and is now employed in the post-office at Springfield.

F. J. McComb, who used to call Jasper home but who now does his sleeping and eating up at Lebanon, fell in from the south last Friday night and spent a couple of days "chinning" old friends and incidentally settling up a few matters of business. Mac has been visiting folks out at Spivey Kansas, and didn't look as if he were suffering for any of the good things of life.

With the rink gone, school out and the kids all at home it certainly does seem as if there's "nothin' to do but hang around."

The rain Sunday seems to have been a general one, extending over the biggest part of Missouri and eastern Kansas. We were not suffering for the moisture in these parts, but further west and south the need of rain had become very urgent, and Sunday's downpour may have made the difference between a good crop and no crop at all.

Do You Know That Cement Must
Be Able To Pass Through a Woven
Screen in Which There Are 40,000
Meshes To The Square Inch Before It
Is Really Cement?

That's so. Some of our best engineers have proven that the coarsely ground particles which are in all cement have practically no cementing value. 75% of Standard ground cement will pass through this sieve. Ash Grove Superfine is ground 10% finer than Standard so you get 10% more real cement—38 lbs. more to the barrel—when you buy

Ash Grove Superfine
Portland Cement

This additional 10% is ground from the hardest clinker, which can only be ground by modern machinery equal to that used by the makers of Ash Grove Superfine.

In grinding this 10% all of the cement is more finely ground. So when buying a barrel of Ash Grove Superfine in preference to Standard ground cement, you not only get 38 lbs. more cement but all the cement you get is finer ground—better cement.

Send to the Ash Grove Lime & Portland Cement Co., Kansas City, Mo., for booklets showing how to use cement and how to save 20%, or ask us.

We sell and recommend ASH GROVE SUPERFINE.

Cruel Jibe.

A graduating class in one of the little towns up the line, where Latin isn't included in the high school curriculum, decided they wanted a class motto in that language. They went to a former college man in their town and he framed up a motto, which was duly printed on the invitations as well as displayed in gleaming pasteboard letters across the top of the stage on commencement night. Suspecting, however, that something was wrong, from the titters that arose whenever the motto was referred to, the class carried the motto to another Latin shark, and learned to their horror that their beautiful motto, translated literally, meant, "We got through by the skin of our teeth."

Alphas Meeting.

The Alpha club held their regular meeting at the home of Mrs. Ewart on April 8th. Mrs. Goodcapably handled the subject of "Florida Everglades." Mrs. Laughead gave an interesting talk upon the same theme. Mrs. Johnson after reading several selections on "Rice Culture," gave an instructive talk, in which she told of her experiences with rice growing in Louisiana. A good paper on "The Seagoing Railroad and Key West" was prepared by Mrs. Th. rnton. The meeting which was to have been held on April 22nd was changed to April 29th. The names of Mmes. V. A. Hendricks and H. J. Dear-dorff were presented for membership. Mrs. Johnson's name was transferred to the honorary list. The next meeting will be held May 6th at the home of Mrs. O. E. Roberts. Officers for the coming year will be elected at this meeting—as brings the year's work to a close.
